23 Plaintiffs move to seal certain parts of their motion to exclude portions of the Hasler and
24 Stowell expert reports and the entirety of exhibits A, B, F, and G to the declaration of Marc
25 Pilotin (Dkt. No. 211). These include documents that defendants Celera and Credit Suisse had
26 marked confidential. Plaintiffs filed this administrative motion pursuant to paragraph 12.3 of the
27 amended stipulated protective order (Dkt. No. 166). The Celera defendants responded that they
28 no longer assert their own confidentiality designation over the documents at issue in this motion
(Dkt. No. 215). Credit Suisse responded that it also withdraws its confidentiality designation of

1 the documents at issue (Dkt. No. 216). The request to seal portions of the Hasler and Stowell
